1. Introduction

In the year 1947, the “**Fisheries Department**” was set up under the Department of Animal Husbandry, in view of the planned development of fish development works in a planned manner. In 1966, the Fisheries Department was separated from the Animal Husbandry Department and started working independently. After the abolition of landlord in the first five year plan period, some ponds were defamed by the Fisheries Department, in which development work was started.

Fisheries development activities received special speed after the establishment of Fisheries Development Agency in the “6th Five Year Plan”. Uttar Pradesh Fisheries Development Corporation has established 09 big-scale workers for the purpose of meeting the growing demand of Fishery seeds in Uttar Pradesh. In the 7th Five Year Plan, Fisheries Development Agencies were established in all the districts of the state and through the agencies.
